

Times Table Activities

Bean Race

- Take turns to roll the two dice.
- Multiply the two numbers and call out the answer.
- If you are right, you win a point.
- The first to get 10 points wins.

Dicey Division

You each need a piece of paper. Each of you should choose five numbers from the list below and write them on your paper.

5 6 8 9 12 15 20 30 40 50

- Take turns to roll a dice. If the number you roll divides exactly into one of your numbers, then cross it out, e.g. you roll a 4, it goes into 8, cross out 8.
- If you roll a 1, miss that go. If you roll a 6 have an extra go.
- The first to cross out all five of their numbers wins.

Fours

- Use exactly four 4s each time.
- You can add, subtract, multiply or divide them.
- Can you make each number from 1 to 100?
- Here are some ways of making the first to numbers:

$$1 = (4+4) \div (4+4)$$

$$2 = 4 \div 4 + 4 \div 4$$

Doubles and trebles

- Roll two dice.
- Multiply the two numbers to get your score.
- Roll one of the dice again. If it is an even number, double your score. If it is an odd number, treble your score.
- Keep a running total of your score.
- The first to get over 301 wins.

Counting

Counting the table forwards, then backwards. Ask your child questions, such as:

Nine sixes?

How many sixes in 42?

3 multiplied by 6?

6 times 4?

48 divided by 6?

6 times what equals 60?
