

MEET THE TEACHER!

Hello! I'm Mrs Collins. I am really looking forward to welcoming you to 5 Gamma! I have been looking at the learning you have done over your time at school and can't wait to help you to continue to grow into best learner you can be. Next year is going to be great fun and you will develop hugely.

About Me

- I love running, reading and camping. Doing all 3 together is my favourite thing!
- I have two daughters, Maisie and Katie and they help me to be a better person and teacher.
- I love excitement and I have done a bungee jump and a sky dive before and have also been on the fastest zip line in the world!
- I enjoy cooking and often try new recipes – not always successfully!
- My favourite colours are green and purple.

**Whitmore
Park
Primary School**

In Year 5, you will learn about some of the most fascinating topics. You will learn all about the Coventry Blitz and how people from Coventry were affected. You will also learn about the planets in our solar system; you'll be amazed at the knowledge you will gain. One of my favourite topics I will teach you is the Ancient Greeks! The Ancient Greeks were fascinating and we are still influenced by them to this day. In year 5, we love to talk to the children about what your interests and will work to include these within your lessons. You are going to have an awesome year. Welcome to Year 5!
