

MEET THE TEACHER!

Hello! My name is Mrs Nolan and we are going to be in 1 Gamma together! I am very excited for you to be part of my class next year. I love teaching in Year One and I hope we have lots of fun and learn lots together! I hope you are excited too. Have a great summer holidays and I will see you in September!

About Me!

- I love reading! I will read anything and everywhere.
- I also love History and like to visit castles at the weekend especially, Warwick Castle as it is so close to us!
- I have one cat and his name is Shadow.
- My favourite film is anything by Disney.
- My favourite colour is purple.

Primary School

In Year One we do lots of exciting things. You will be amazed at how much your reading, writing and math skills develop through the year! We learn about how transport has changed through the years, including cars and bikes! We learn all about Victorian Life and how it is different to our lives now. In Science, we learn all about our bodies and senses, completing experiments to test out your taste, smell, hearing, sight and touch! We also look at Materials and Animals and learn lots of new things about them. We read lots of fantastic stories such as 'Chocolate Cake', 'Wolves', 'Journey' and many more! Welcome to Year 1!
