In Year Two we have lots of fascinating topics to learn about. We will look at our local area and learn about how Lady Godiva helped the people of Coventry. We will also look at where I am from, London and what happened during 1666 when there was a great fire. We will learn all about different animals in Science and complete lots of experiments that will make you say "wow!". We look at lots of different books in Year Two from all different genres and will practise writing; instructions, descriptions, reports and many exciting stories. The year is going to be epic!
