

MEET THE TEACHER!

Hello, I'm Mrs Harrison and I'll be teaching 6 Gamma next year. I have taught in Year 6 for many years so you may already know me. It will be a fun year, filled with exciting things but also a lot of hard work, ensuring you are prepared for SATs and all of the challenges Year 6 will throw at you.

About Me

- I love history and geography – but if I had to choose, I'd say I like history the most!
- I like to travel and have visited many cities around the world, especially in Europe.
- I absolutely love football and I am a keen supporter of Liverpool Football Club.
- I like walking and plan to climb Snowdon this year.

Primary School

In Year 6, you'll see yourself quickly developing new skills and perfecting existing ones, including efficiency, organisation and logical thinking. Through practise, you will hone reading and writing techniques and work with numbers greater than you ever have before. You'll explore evolution, understand fossilisation by studying real life fossils, and travel through time to understand the ancient Maya Civilisation and how they lived. It's a tough year and the importance of SATs is very clear, but it's also a very rewarding one for those that join us for the challenge. We can't wait to see all that you accomplish this year!
