

MEET THE TEACHER!

Hello, I'm Mr Openshaw and I'll be teaching 6 Beta next year. This will be my first year in Year 6 and I can't wait to get started. I know lots of you from teaching you P.E or in Year 3 and it will be fantastic to see how much you have all grown since then. I am looking forward to a year filled with lots of learning and laughter, ensuring you are prepared for SATs and all of the challenges Year 6 will throw

About Me

- I absolutely LOVE sports! I play a lot of golf and football. I support Coventry City and think they will get promoted next season!
- I love being outside, so if there's ever a chance to do our lessons outside that's where we'll be.
- I read a lot of spy novels at home as they are my favourite genre of book!
- I have a sweet tooth! I always have chocolates and sweets hidden in my classroom.
- I love travelling and seeing different parts of the world. My favourite ever holiday was an amazing trip to Sri Lanka!

Primary School

In Year 6, you'll see yourself quickly developing new skills and perfecting existing ones, including efficiency, organisation and logical thinking. Through practise, you will hone reading and writing techniques and work with numbers greater than you ever have before. You'll explore evolution, understand fossilisation by studying real life fossils, and travel through time to understand the ancient Mayan Civilisation and how they lived. It's a tough year and the importance of SATs is very clear, but it's also a very rewarding one for those that join us for the challenge. We can't wait to see all that you accomplish this year!
