In Year Two we have lots of fascinating topics to learn about. We will look at our local area and learn about how Lady Godiva helped the people of Coventry. We will also learn about The Great Fire of London during 1666! In Science, we continue learning all about different animals (I know lots of you really enjoyed this in Year One!) and complete lots of experiments that will make you say "wow!" We look at lots of different books in Year Two from all different genres and we will practise writing; instructions, descriptions, reports and many exciting stories. The year is going to be epic!
