Primary School

In Year 5, you will learn about some of the most fascinating topics. One of my favourite topics I will teach you is World War 2, and you will learn all about the Coventry Blitz and how people from Coventry were affected. You will also learn about the planets in our solar system; you'll be amazed at the knowledge you will gain. Another topic that I will teach you is The Ancient Greeks and we will learn how we are still influenced by them to this day. In Year 5, we love to talk to the children about what your interests are and we will include these within your lessons. You are going to have an amazing year. Welcome to Year 5!
