

MEET THE TEACHER!

Hi, I'm Mrs Merkelbach and I am really excited for the new school year with you. I have seen all the things you have been getting up to in Year 1 and think we will have even more adventures next year. Year Two is a really exciting year full of fun filled learning and I can't wait to get started!

About Me

- Maths is one of my favourite subjects in school. I'm hoping you are going to blow me away with your amazing math skills.
- I really enjoy discovering new stories and I have already found a few that I can't wait to read with you.
- I have a huge dog called Max who is a husky. He is crazy and I'm sure you'll love hearing all my funny stories about him
- I really love Disney films. My favourite character is Stitch. I'm sure he will make an appearance in our classroom.

Primary School

In Year Two we have lots of fascinating topics to learn about. We are going to be looking at lots of different exciting stories that will help us write a narrative, instructions, descriptions and reports. In History, we will learn about how Lady Godiva helped the people of Coventry. We will also learn about The Great Fire of London during 1666! In Geography, we learn about the countries of the UK and then we explore the whole world! In Science, we continue learning all about different animals and complete lots of experiments that will wow you. The year is going to be amazing!
