

MEET THE TEACHER!

Hi everyone, I'm Miss Knowles and I'm going to be your teacher in 6 Gamma next year. I am really excited to be joining Whitmore Park to teach you and I can't wait to help you be the best you can be. We are going to have the best year full of learning, laughs and lots of fun!

About Me

- I love love love reading! I read lots of books and hope that we can talk about them together.
- I have a little fluffy dog called Nancy.
- I love to draw, be creative and use my imagination.
- I'm a big Harry Potter fan - both the books and the films!
- My favourite colours are purple and blue.

Primary School

In Year 6, we will learn lots of exciting things throughout the year. In English, you'll have the opportunity to exercise your imagination and write different stories. We will learn about the Mayans in history and Rivers in geography. One of my favourite topics to teach is Crime and Punishment because it's so interesting to find out how people used to be punished for their crimes and how that's changed now. In science, we'll learn about the human body, animals, light and electricity – lots of exciting things to look forward to. I can't wait to share lots of new books with you in reading and I hope that you find a genre that you're really passionate about. I'm looking forward to a fantastic year with you!
