

MEET THE TEACHER!

Hi! I'm Mrs Peach and we are going to be in 4 Gamma together! I am looking forward to being your teacher next year and I am so excited that I have taught some of you before when you were in Year 1. I hope we have lots of fun and learn lots together and I hope you are excited too! Have a fantastic Summer holiday and I'll see you in September!

About Me

- I have been at Whitmore Park for seven years.
- I love reading!
- I enjoy watching films.
- I have three chickens. They are called Bluebell, Hettie and Rosie
- I really love going for walks to explore new places.
- I love doing drama activities and I enjoy doing practical learning in the classroom.

Park**
Primary School

In Year 4, you will continue to have all the same subjects as in Year 3, but we will explore new topics. In History, you will learn about the Ancient Egyptians, the Anglo Saxons, the Scots and the Vikings. In Geography, you will learn about rivers and the water cycle and you will find out about our capital city London. In Science, you will find out about electricity, human digestion, teeth, food chains and sound. These are just some of the things you will learn about. You'll be amazed how much knowledge you will gain during your time in Year 4! I am so excited for us to learn together!
