Primary School

In Year 1 we will be learning about a lot of exciting things. We will read lots of fantastic stories like Owl Babies and Handa's Surprise! We will learn to write about what we have read. In Geography, we will be learning more about our school, and we will go on fun walks around the school. In History, we will be learning about toys from the past. In Science, we will learn about plants and carry out some fun experiments. We will also be going on exciting trips! You will also have lots of time to explore things that you like to do independently such as Role Play, Art, Construction and so much more! We are going to have a fun-filled year!
