In Year 4 you will learn some great topics. We do lots of reading, writing and maths (my favourite!) but we also have some other great subjects too! You will learn all about Rivers, our capital city of London and Vikings. You will also find out about how electricity is made, how sound travels and why food chains are important. You will be amazed at the knowledge you will gain during your time in Year 4! My favourite topic is the Ancient Egyptians, especially when we get to dress up! In Year 4 we are always learning and trying to make your lessons as creative as possible. You are going to have an amazing year, Year 4 is my favourite year to teach! Welcome to Year 4, we can't wait to meet you!
