Primary School

In Year 4, we are going to be learning about some great topics! Alongside our usual Reading, Writing and Maths lessons, we will be learning about The Ancient Egyptians and The Vikings. You will learn about rivers, the water cycle and all about our capital city of London. You will explore how electricity is made, how sound travels and human digestion. This is only some of the fascinating topics we are going to look at. You will be amazed at all the knowledge you are going to gain in Year 4! You have the most fantastic year ahead of you and I'm so excited for us to learn together.
