

MEET THE TEACHER!

Hello! I'm Mrs Gill and I'm really excited to be your Year 2 teacher in 2 Delta. I have seen all the exciting things you have been learning in Year 1 and I am really looking forward to all the adventures we will share together in Year 2. It is an amazing year full of fun filled learning and I can't wait to get started!

About Me

- I love Maths! I wonder what times tables we will learn in Year 2?
- I really enjoy reading books written by Oliver Jeffers.
- I have a little boy who is four and a baby girl who is nearly one. I have lots of funny stories to share with you about them.
- I like Disney films. My favourite is the Lion King. You'll be able to see some clues of this in my classroom!

Primary School

In Year Two we have lots of fascinating topics to learn about. In History, we will learn about The Great Fire of London and the great explorers Christopher Columbus and Neil Armstrong. We will also learn about the transport industry in Coventry. In Geography, we explore the whole world and then take an in-depth look at Kenya! In Science, we continue learning all about different animals and complete lots of experiments that will make you say "wow!" We look at lots of different books in Year Two and we will practise writing: instructions, descriptions, reports and many exciting stories. We will also learn how to multiply, divide and find fractions of amounts in Maths. The year is going to be amazing!
